

To Qualify

The qualifying format for the Canadian University Tennis Championships is as follows:

1. Regional competitions are held in the Ontario, Quebec, Western, and Atlantic regions. The top team from each region will earn a spot to compete at the Canadian University Tennis Championships*.
2. The Atlantic region consists of universities located in Nova Scotia, New Brunswick, and Newfoundland; the West region presently consists of universities located in British Columbia and Alberta.
3. Each student must be enrolled in a full-time university program and be between age 18 to 28 at the beginning of the school year. All schools must submit a roster in order of merit of all eligible players signed by the athletic department.
4. Four Male and four Female teams (with a minimum of six men and six women respectively) will earn the right to represent their region in the Championships hosted by Tennis Canada. There is a separate competition for men and women, however, universities can compete in both divisions should they meet the aforementioned qualification standards.
