

Junior Ranking List Protocol

Four times per calendar year Tennis Canada sends the top 75 boy's and girl's (who do not have a junior ITF ranking) list of our junior rankings to the International Tennis Federation (ITF). This list used by the ITF for determining their acceptance lists for entry into ITF junior events (main, qualifying, and alternate) for players that do not have an ITF junior ranking.

Entry into the ITF junior events is based firstly on ITF ranking followed by National Ranking. Players who do not meet those criteria are then placed randomly on the acceptance lists as per ITF rules and regulations.

The four dates on which Tennis Canada sends the ITF Junior National Rankings lists are as follows:

1. Second week of February- Includes Orange Bowl, Teen Tennis, Les Petit AS
2. First week of May- after Indoor Nationals
3. Second week of September- after Outdoor Nationals
4. Last week of October- In time for Eddie Herr, Orange Bowl

Please note that once a new rankings list has been sent, this list will only be used for events in which the entry deadline has not closed. If the entry deadline is closed, the previous list will be used.

Please note that only Canadian Citizens playing under the Canadian flag (ITF/ATP/WTA) will be included on this list sent to the ITF even though you may appear on the Rogers Ranking website.
