PLAYER RESULTS

The Player Results pillar provides **funding support directly to players** to help offset the costs associated with training and competition. Players are **awarded funding based on achieving specified standards**.

Through extensive research Tennis Canada has developed two sets of standards with corresponding criteria for players to unlock funding:

DEVELOPMENT STANDARDS

APPLICABLE AGE CATEGORIES:

- Girls (ages 11 and 12)
- Boys (ages 11, 12 and 13)

ABOUT THE DEVELOPMENT STANDARDS

- Standards were established for 11, 12 and 13-year-olds, knowing the more depth we have in these age groups the better it is for increasing the odds to convert these players from stage to stage.
- To receive funding, players are assessed by the U15 Coaching Development Committee on a specified set of evaluation criteria. The criteria evaluates a player's technical, tactical, physical, and mental competencies. Criteria were developed based on the corresponding Whole Player Development Pathway guidelines for that age and stage.
- **Players meeting Development Standards criteria are identified as members of U15 Canadian Prospect Team.**

PERFORMANCE STANDARDS

APPLICABLE AGE CATEGORIES:

- Girls (ages 13 to 25)
- Boys (ages 14 to 25)

ABOUT THE PERFORMANCE STANDARDS

- Standards were set based on the corresponding ITF Study and analyzing 10 years of ATP/WTA ranking data. Standards have been established for players tracking top 250 (bronze), top 100 (silver), top 50 (gold), and top 10 (platinum).
- For each age category multiple results and ranking standards have been identified for corresponding bands (bronze, silver, gold, platinum). To receive funding players must meet a combination of 1 result standard and 1 ranking standard.

PLAYER RESULTS

Players who are achieving age and stage results will be provided funding support outlined below to help offset costs associated with training and competition.
